

CHAMPIONSHIP NUMBERS

STANDARD TOPPER SAIL WITH 4 WHITE PANELS

Snip 2/3 mm off the corner of all championship numbers

****IF IN DOUBT - PLEASE ASK****

CHAMPIONSHIP NUMBERS: (please note all measurements are minimums)

- Should be placed on both sides of the sail with the numbers on the starboard side being above the ones on the port side.
- The height of the numbers should be 230mm.
- They may be pre-formed numbers or 'Digital Eights'.
- The preferred style of cutting 'Digital Eights' is shown above.
- The outside corners should be snipped as shown above.
- There should be 45 mm between each element of the complete number.
- Both sets of numbers should be in the 2nd coloured panel from the bottom of the sail.
- The numbers should be black or white to contrast the panel (please see the chart).

STARBOARD SIDE

- The start of the number should be placed 45mm from the leech of the sail.
- The upper edge of the number should be 45mm from the upper seam of the panel.

PORT SIDE

- On the port side of the sail the upper edge of the numbers should be 45mm from the lower edge of the starboard numbers
- The end of the last number should finish 20 mm from the reinforcement patch.

ATTACHING NUMBERS

In our experience the best way to stick the numbers down is to peel away a corner, line up the letter and attached the corner. Pull away the backing paper slowly as you push the number onto the sail. Fiddly but it works!

Panel	Number
Red	White
Dark Blue	White
Light Blue	Black
Grey	Black
Yellow	Black
Purple	White
Orange	Black
